iv Editorial

1 Expedition to the Grímsvötn volcano, Iceland
Magnús T. Gudmundsson, Ármann Höskuldsson, Guðrún Larsen, Thor Thordarson, Bergrún A. Óladóttir, Björn Oddsson, Jónas Gudnason, Þórdís Högnadóttir, John A. Stevenson, Bruce Houghton, Dave McGarvie, Guðmunda M. Sigurdardóttir

9 The Laurentian basement of the North-west Highlands: the first two-thirds of Scotland's geological history
(Abstract only) Kathryn Goodenough

Grenville to Valhalla: Mesoproterozoic to early Neoproterozoic events in the Moine and Grampian blocks
(Abstract only) Simon Cuthbert

11 Plates, dates and rates: the context of Dalradian evolution
Roger Anderton

19 The Grampian evolution of the Caledonides of NW Ireland
David Chew

27 The Midland Valley of Scotland as a linkage between the metamorphic Highlands and the Southern Uplands
(Abstract only) Brian Bluck

29 The demise of the Iapetus Ocean as recorded in the rocks of southern Scotland
Phil Stone

37 Late Caledonian (Scandian) and Proto-Variscan (Acadian) orogenic events in Scotland
John R. Mendum

53 The effects of the spreading of the Central Atlantic during the Middle Jurassic on dinosaur faunas
Neil D. L. Clark

63 Palaeogene magmatism and the opening of the North Atlantic
(Abstract only) Brian Bell

North of the Suture: 'Stitches in time' — an overview
(Abstract only) Stuart Monro

64 Editor's notes to contributors

Book reviews are on pages 10, 18, 25, 26, 28, 51, 52, 62 and 63

[Editor's note: At an OUGSC meeting in 2012 it was decided to disband the OUGS library. Books in it that have been reviewed have been offered to each book's reviewer or to OUGS branch libraries if the reviewer did not want the book. In the future, books sent for review may be kept by the reviewer, who may pass it on to a branch library or to another person if he or she wishes.]

It is the responsibility of authors to obtain the necessary permission to reproduce any copyright material they wish to use in their article. The views expressed in the OUGS Journal are those of the individual authors and do not represent those of the Open University Geological Society. In the opinion of the author the description of venues are accurate at the time of going to press; the Open University Geological Society does not accept responsibility for access, safety considerations or adverse conditions encountered by those visiting the sites described in these articles.
